

Tennessee Agricultural Enhancement Program

A Cost Share Program for Tennessee Farmers

2012 PRODUCER APPLICATION • Application Period June 1 - June 7, 2012

TAEP provides cost share funds for long term investments in Tennessee's livestock and farming operations. TAEP is a direct result of Tennessee's commitment to supporting its agricultural industry and rural economies.

New in 2012!

Approval Procedure

Genetics, Livestock Equipment, Hay Storage, Livestock Feed Storage and Grain Storage cost share requests will be approved based on applicant determined priority levels. See page 4 for detailed information.

Hay Storage

Applicants cannot be approved for Hay Storage in two consecutive program years.

A maximum reimbursement amount per square foot has been established. See page 8 for detailed information.

Genetics

Cost share funds are now available for Goats/Sheep Genetics. See page 7 for detailed information.

Producer Diversification

All industry sectors are eligible for 50% cost share. See page 17 for detailed information.

ELIGIBILITY REQUIREMENTS

1. Applicant must be an individual **Tennessee resident** operating a farm located in Tennessee.
2. Applicant must be at least 18 years old on application date.
3. Applicant must have the ability and financial capacity to complete the project.
4. Applicant must meet minimum livestock/acreage requirements for each program applied for, where applicable.

Head of livestock = maximum number of single type, regardless of sex or age, during the last 12 months.

5. Applicant or a member of the applicant's immediate family must own land where **permanent structures** will be built.

- Immediate family members include: spouse; children; parents; siblings; grandparents; grandchildren; great grandparents; and spouse's children, parents, siblings, grandparents, grandchildren, great grandparents.
- Livestock Equipment projects can be located on leased land.
- See Hay Storage, Livestock Feed Storage, Grain Storage and Producer Diversification programs for more information.

6. **Premises registration** is required for applicants with livestock on their operations.

- Applicant name must match contact name (primary or alternate) listed on premises account to be eligible.
- The premises account number is tied to the individual.
- The premises id number is tied to the farm address.
- An individual can have multiple premises id numbers if they have multiple farm locations.
- The farm address listed on the cost share application must match the address for the premises id listed on the application.
- Premises registration forms and instructions are available from TDA by calling 615-837-5120 or at www.tn.gov/agriculture/regulatory/livestock.html.

7. Beef and Dairy cattle producers must have current **TN Beef Quality Assurance Certification (BQA)** at date of application.

BQA is a two-hour educational course on cattle management and care sponsored by the Tennessee Cattlemen's Association (TCA). BQA numbers must be renewed every two years and CURRENT at time of application. Contact TCA for additional information on BQA classes at 615-896-2333, info@tncattle.org, www.tncattle.org or your local UT Extension office, utextension.tennessee.edu.

8. Swine producers must have current **Pork Quality Assurance Plus Certification (PQA)** at date of application.

PQA Plus is a two-hour educational course on swine management and care sponsored by the Tennessee Pork Producers Association (TPPA). PQA numbers must be renewed every three years and CURRENT at time of application. Contact TPPA for additional information on PQA Plus classes at 615-274-6533 or tnpork@tds.net.

RULES

Application Rules

- 
- Applications must be postmarked June 1-7, 2012 or hand delivered during the same period.
 - Faxed or emailed applications will not be accepted.
 - Applications postmarked or hand delivered prior to June 1, 2012 and after June 7, 2012 are ineligible.
 - Application A (Genetics, Livestock Equipment, Hay Storage, Livestock Feed Storage, and Grain Storage) cost share requests will be approved by priority level (1-5).
 - Applicants must prioritize their requests in the order of importance to their operation in 2012. (1=first priority, 2=second priority, 3=third priority, etc.)
 - Full-time farmers will be given priority for each level.
 - TAEP defines a full-time farmer as an agricultural producer whose primary occupation is farming and earns the majority (50 percent or more) of his/her annual income from farming.
 - TAEP reserves the right to request additional documentation if needed.
 - In the event that all remaining applications (after full-time farmers have been funded) in a priority level cannot be funded, approvals for those remaining applications will be chosen by a computer generated random selection, until all funds are allocated.
 - Application B (Producer Diversification) cost share requests are evaluated on a competitive basis by industry sector.
 - Applicants may only submit one Application A per premises or property, per household, per business, per application period.
 - Applicants may only submit one Application B per premises or property, per household, per business, per application period.
 - Applicant will be notified in writing of approval or disapproval. Allow 10 weeks for application processing.

Reimbursement Rules

- Receipts/payments dated prior to June 1, 2012 are not eligible.
- Cash receipts or receipts for in-kind services are not eligible. (trade-in value is not eligible)
- Used equipment or used materials are not eligible for cost share reimbursement.
- Labor provided by applicant or their employees is not eligible for cost share reimbursement. Labor of any type is not eligible under Livestock Equipment.
- Applicant cannot be reimbursed for purchases from a business where applicant participates in ownership (producer cooperatives excluded).
- Applicants cannot combine projects with other applicants.
- Proof of payment is required in the form of cancelled check copies (bank provided cancelled check copies are acceptable), cashier's check, money order or credit receipt/statement.
- Reimbursement documentation must be postmarked or hand delivered by the deadline. Allow 10 weeks for processing. Additional processing time is required for incomplete requests and requests submitted within one month of the program deadline.
- There can only be one reimbursement payment per cost share approval. Project must be completed before submitting reimbursement documentation.
- Failure to complete projects and utilize allocated funds can affect eligibility for future program participation.
- Falsifying applications, invoices or other documents submitted to TDA may make producer and farm ineligible to participate in present and/or future TDA programs, and may result in civil litigation or criminal prosecution.

Verification Rules

- Applicant must utilize equipment and structures purchased with cost share funds for the intended purpose of the program for a **minimum of three continuous years from date of purchase**.
- Site visits relating to the performance of the activity before, during and after completion may take place.
- Applicants may be required to repay funds if they fail to comply with all aspects of the cost share guidelines.

PRODUCER DIVERSIFICATION GUIDELINES

Application Review Criteria

- The application proposal and budget must be typed in requested format.
- Applications will be evaluated on a competitive basis by industry sector. TDA staff will conduct application reviews.
- Only applications that are complete and include sufficient information will be considered for evaluation.
- The application must merit financial support, clearly state objectives, provide a sound work plan and prove applicant expertise necessary to successfully complete project. An on-site visit or meeting may be required as part of the evaluation process.

Cost Share Project Criteria

Proposed activities for cost share must demonstrate significant potential for increasing farm income through the improvement or expansion of farm or agribusiness operations involving the production of diversified agricultural products. In addition, proposed activities must:

- Be market driven and have a viable marketing plan.
- Establish something new, not maintain on-going projects.
- Meet all state and local food safety and regulatory requirements.
- Produce long term benefits for the farm.
- Encourage future farm growth.

Project Categories

The cost share project may include items from three categories of eligible expenses. The overall project may include items from one or more categories. Some elaborate projects include items from all three categories. Examples of eligible and ineligible items per category are listed below.

FARM INFRASTRUCTURE - Installations that facilitate the production of diversified agricultural products

Infrastructure must be built on applicant owned land or land owned by a member of the applicant's immediate family. Activities must have a life span of least three years.
